## SUMMARY Owner-Absentee Healthcare Equipment MFG & Distributor!

Listing ID: 17893

This listing has been pre-qualified by an SBA lender for financing. Located in the central U.S., this Company manufactures and sells durable disability and assisted-living healthcare equipment to distributors and directly to institutions and customers. Sales above \$7,000,000 have been sustained for over 5 years, with 2023 projections up to \$8.1 Million. The Company maintains around \$1 Million of Inventory, with nearly \$170K in finished product and \$882K in raw material. Benefiting as a debt-free business with stable annual sales (despite the effects from 2020's pandemic), revenues in 2022 totaled \$7,560,218 alongside Discretionary Earnings of \$1,125,650 and EBITDA of \$996,851. The Company's facilities are in prime condition, with the center of operations measuring over 30,000 square feet ample parking and pre-zoning to handle additional capacity. This business will function with owner-absentee functions possible, with experienced management and personnel of 13 nonunion employees. Current owners will assist a seller's transition cycle of one year. Thanks to ongoing commands over a fast-growing industry, certain flexibility allow taking this business to further levels through new optimizations, strategic expansions, and streamlined projects with proprietary brands. The Company enjoys an excellent reputation and a large repeating client base, while opportunities exist to maximize market outreach via engagements via social media, advertising, and professional partnerships. Approximately \$1,000,000 in inventory is separate due to variations. The Company serves clients in dozens of U.S. states and has a strong presence in Canada!
